Office of Academic Affairs,
203 Bricker Hall,
190 North Oval Mall,
Columbus, OH 43210-1358

Dear Office of Academic Affairs:

On behalf of the College of Pharmacy, I would like to formally withdraw the Non-traditional Doctor of Pharmacy Program (NTPD). The faculty voted to phase out this program in 2005. Currently all enrolled students have completed their didactic course work and need only to complete their experiential training. The last students should complete their experiential training by December 2012. Therefore, a bridge class is proposed for these students which will enable them to register for credit hours while completing any remaining experiential rotations for the program.

Should you have any questions or concerns, please feel free to contact me directly.

Sincerely,

Robert W. Brueggemeier, Ph.D.
Dean, College of Pharmacy
Professor, Medicinal Chemistry
