**College of Arts and Sciences Transition Policy:** The College of Arts and Sciences is committed to the principles outlined in the university’s Pledge to Undergraduate Students. Each unit has a plan on how best to assist its majors and minors through the transition. And the Arts and Sciences Academic Advising Services will advise students on how to transition their GE program. Dual advising is the existing process used in Arts and Sciences and will continue under semesters.

**Additional Notes on the Submitted Program:**

Note that the Aging Minor, the Capital Program, the Legal Foundations of Society Minor, and the Survey Research Minor are not new programs. The program codes were not in curriculum.osu.edu, so the programs were entered as new.

The following comments are recommended by CCI for CAA to consider:

**Aging Minor:**
- On the PACER table, numbers in Column C should probably be 14, 3, 7, 7, 11.
- The third goal is ungrammatical. It appears both on the PACER form and on pg 4 of the PDF.
• On the PACER form, the question as to whether this is a degree program should be marked No.
• In the comments under "Assessment practices" (bottom of Page 1 & top of Page 2 of the PACER form) and "Rationale for proposed program changes", suggestion to point out that communications and the social and behavioral sciences are within ASC, so that students attracted from these programs are coming from within ASC.
• Pg 3 of 5, section 8, "Rationale": In the first sentence of the 3rd paragraph, "at" should be replaced by "from," to read, "moving ... from the College of Arts and Sciences."
• In the Transition Policy -- a student has to complete at least 2 elective courses in the quarter-version of the program, and will have to complete at least 2 elective courses in the semester-version. Why does the transition policy present the option of the student completing 1 or 2 electives? Why not require completion of 2 elective courses, in any combination of quarter and semester versions?
• On the semester advising sheet, it might be clearer, instead of "Electives: (minimum of 4 semester credits)," to say "Electives (4-5 semester credits)." This will alert students that the statement that the major requires a minimum of 14 hours takes precedence.
• Are there significant prerequisites for any of the required core courses or the electives, other than the single required course? If so, a general note should be added on the advising sheet, as we've requested for other minors.

**The Capital Program:**
• The Capital Program is officially a Course of Study, not a minor. The program is a collaboration between the Colleges of Business and Arts and Sciences. A letter of support from the College of Business is attached.

**Legal Foundations of Society Minor:**
• A student who is already underway in the minor might have chosen quarter courses that do not fulfill the 6 hours (or more) at 3000-level-plus needed under semesters; CCI assumes advisors will use their discretion in such cases.

**Survey Research Minor:**
• There are two "x"’s in the Faculty Advisor's letter should perhaps be replaced with the correct dates.

Program Learning Goals

Note: these are required for all undergraduate degree programs and majors now, and will be required for all graduate and professional degree programs in 2012. Nonetheless, all programs are encouraged to complete these now.

Program Learning Goals

Assessment

Assessment plan includes student learning goals, how those goals are evaluated, and how the information collected is used to improve student learning. An assessment plan is required for undergraduate majors and degrees. Graduate and professional degree programs are encouraged to complete this now, but will not be required to do so until 2012.

Is this a degree program (undergraduate, graduate, or professional) or major proposal? No

Program Specializations/Sub-Plans

If you do not specify a program specialization/sub-plan it will be assumed you are submitting this program for all program specializations/sub-plans.

Pre-Major

Does this Program have a Pre-Major? No

Chairs of Arts and Sciences CCI and CAA

Dear Chairs:

In addition to its other graduate and undergraduate programs, the Department of Political Science was recently informed that it is responsible for the administration of the multidisciplinary Legal Foundations of Society Minor and has prepared a semester conversion proposal for it. The Minor was originally developed and administered by the Arts and Sciences Federation, but was recently devolved to Political Science by Executive Dean Steinmetz. Although Legal Foundations is an existing minor, it was not assigned program status anywhere in PACER. As a result, Political Science had to enter the program as a new one.

The minor under quarters requires at least five courses for a minimum of 24 credit hours, which allows a student to take one of the two four-credit-hour courses in the electives list. Under semesters the requirement is five courses for 15 credit hours because all of the courses are three credit hours. The semester structure of the minor is exactly the same as the quarter structure. The only change in the minor is that two courses that were not converted to semesters have been dropped. The last point to make is that as a multidisciplinary minor there is no natural unit and the inside outside distribution of credit hours makes no sense, so only the top row of the credit chart is filled in.

The conversion plan has been reviewed by me and the Social Sciences Disciplinary Advisory Panel (SS DAP) and we have found it to be appropriate for semesters and submit it to you for your consideration.

Sincerely,

[Signature]

Gene E. Mumy
Associate Dean of Arts and Sciences/Social and Behavioral Sciences
Letter from Program-offering Unit  
August 5, 2011

On behalf of the Department of Political Science, I recommend approval of our conversion proposal from quarters to semesters. The Department proposal was worked through our regular curriculum process, including our Undergraduate Affairs Committee, our Graduate Studies Committee, meetings of all of our departmental fields, and a general faculty meeting. Our programs include a BA in Political Science; undergraduate minors in Political Science, Campaigns and Elections, Comparative Politics, Judicial Politics, Political Decision Making, Political Theory, and World Politics; as well as the Legal Foundations of Society minor; an MA in Political Science; and a PhD in Political Science. We also participate in the Graduate Interdisciplinary Specialization in Survey Research. We are not withdrawing any current program.

Sincerely,

Richard Herrmann
Professor & Chair

PROGRAM TEMPLATE: Legal Foundations of Society MINOR

I. GENERAL PROGRAM INFORMATION

Program Name: Legal Foundations of Society Minor
Degree Title: NA
Academic Unit: Department of Political Science
Type of Program: Minor

Semester Conversion Designation: Conversion to semesters will occur with minimal changes to program goals and curricular requirements.

II. Rationale for proposed program changes:

The Department of Political Science offers a general political science minor, as well as minors focusing on “Campaigns and Elections,” “Comparative Politics,” “Judicial Politics,” “Political Decision Making,” “Political Theory,” and “World Politics;” we have also been assigned the conversion for this, the “Legal Foundations of Society” minor. We have not substantially altered these minors. In every case, we have kept their required courses the same, the number of courses the same [five], and the structure of the minor the same. We have updated course lists to be current and accurate, which was not the case with some of the old minor advising sheets that were available, but otherwise the minors are unchanged.

IV. Semester Advising Sheet Legal Foundations of Society Minor

The multidisciplinary minor in Legal Foundations of Society provides students with an exposure to the legal underpinnings of society from a liberal arts perspective. It is intended for students interested in the intersection of legal and social issues. It is not intended as a “pre-law” program, but rather, as a means of providing a foundational understanding of the ways society constructs and uses its legal systems.

The Legal Foundations of Society minor requires the completion of five courses for at least 15 credit hours, including at least two foundational courses. Students must take courses from at least three departments. Only one course may be from the student’s major department, and may not be counted on the major. At least two (2) courses for at least six (6) hours must be taken at the 3000-level or higher. Overlap with the GEC is permitted. If you follow the program as listed, you need only file it with your college or school counselor.

VI. Transition Policy
This minor will consist of five courses. These courses will be as near to identical as possible with those listed for the minor as of Spring 2012 but under the new numbering system. Students who entered the university before Summer 2012 may treat a
semester course as equivalent with a quarter course for purposes of a minor. Quarter courses taken from the quarter advising list that are later changed or removed in the semester conversion will still apply to the minor.
