Re: Arts and Sciences Program Proposals from the Social and Behavioral Sciences Division

Arts and Sciences is pleased to submit the following programs from the Social and Behavioral Sciences Division to the Office of Academic Affairs for conversion from quarters to semesters. The programs have been approved by the faculty members and chair of the originating unit, and reviewed and approved by the divisional advisory panel, a subcommittee of the ASC Committee on Curriculum and Instruction (CCI), and the full CCI. The vote for approval of all programs at the full CCI was unanimous.

**Arts and Sciences General Education (GE) Program:** The GE program for untagged B.A. and B.S. degrees in Arts and Sciences was approved by the Council on Academic Affairs on May 26, 2010, after receiving approval from the Arts and Sciences Faculty Senate. All the programs presented here follow the approved GE program.

**College of Arts and Sciences Transition Policy:** The College of Arts and Sciences is committed to the principles outlined in the university’s Pledge to Undergraduate Students. Each unit has a plan on how best to assist its majors and minors through the transition. And the Arts and Sciences Academic Advising Services will advise students on how to transition their GE program. Dual advising is the existing process used in Arts and Sciences and will continue under semesters.

Professor Larry Krissek  
Chair, Arts and Sciences CCI

Dear Professor Krissek:

At the undergraduate level the Department of Political Science has one major program, the Bachelor of Arts Political Science major. In his cover letter, Department Chair Herb Weisberg mentions the revision of the major two years ago and notes that at this point there is no reason to change the major for the conversion to semesters. As a result the conversion is a straightforward adaption of the quarter version to an isomorphic semester version.

The conversion plan was reviewed by me and the Social Sciences Disciplinary Advisory Panel (SS DAP) and we found it to be appropriate for semesters and submit them to you for CCI’s consideration.

At the undergraduate level Political Science also has seven minors. In addition to the General Political Science minor, there are six specialized minors:

A) Campaigns and Elections  
B) Comparative Politics  
C) Judicial Politics  
D) Political Decision Making  
E) Political Theory  
F) World Politics

The General Political Science minor was significantly revised and the six specialized minors were developed during late 2006 and all were approved in Spring, 2008. The semester versions are straight conversions of the relatively new quarter versions. The SS DAP has endorsed the semester versions and I have approved them and submit them for CCI’s consideration.

Sincerely,

Gene E. Mumy  
Associate Dean of Arts and Sciences/Social and Behavioral Sciences
TO: Larry Krissek  
Chair, Arts and Sciences Committee on Curriculum and Instruction (CCI)  

FROM: James Fredal,  
Chair, Social, Behavioral, Biological, Mathematical and Physical Sciences Subcommittee  

RE: Semester Conversion Proposal for Minors in Political Science  
December 28, 2010  
Larry:  
The Sciences subcommittee of the CCI reviewed the semester conversion proposal for the minors in Political Science on December 9th and voted unanimously to approve the proposal for consideration in the full CCI.  
The Political Science Department underwent review of their major and minor programs beginning in 2006 and the new set of minors (six focused minors in addition to the general minor in political science) received final approval in 2008. Therefore, the conversion to semesters was straightforward with no significant changes. In addition to the general minor in Political Science, the department will offer six focused minors: World Politics, Comparative Politics, Judicial Politics, Political Theory, Political Decision-Making, and Campaigns and Elections. Each minor is structured the same: one required course and four elective courses chosen from a list of approved optional courses. All courses are three credits, and all minors include a list of at least six optional courses to fulfill the elective requirement. Each minor will require 5 courses totaling 15 semester hours.  
The subcommittee approved the proposal unanimously at their December 9th meeting and I am pleased to forward the proposal to the full CCI with recommendation for approval.

Gene Mumy
ASC/SBS

Dear Gene,

I am writing to convey the Political Science degree programs for the semester conversion process.

We have the following degree programs that we are converting:
B.A. in Political Science
7 minors: Campaigns & Elections; Comparative Politics; Judicial Politics; Political Decision-Making; Political Science; Political Theory; World Politics
Ph.D. in Political Science
M.A. in Political Science

The Department has had on-going review of all of our degree programs in the last few years, including a major revamping of our graduate program, instituting the 6 new focused minors, and then revising our B.A. program. These changes are all very recent, so much so that students enrolling in them have not yet completed their degrees. We are analyzing the effectiveness of some of these changes, but we need to wait for more data on most of them. In any case, the faculty in our several subfields met to discuss how to convert their programs to semesters, our Undergraduate Affairs Committee and Graduate Studies Committee both met to make recommendations about the conversion of our degree programs to semesters, and we considered their recommendations at a meeting of the entire faculty and voted on specifics.

I recommend approval of our conversion proposals.

Sincerely,

Herb Weisberg
Professor and Chair

Letter from Program-offering Unit

August 30, 2010

On behalf of the Department of Political Science, I recommend approval of our conversion proposal from quarters to semesters.

The Department proposal was worked through our regular curriculum process, including our Undergraduate Affairs Committee, our Graduate Studies Committee, meetings of all of our departmental fields, and a general faculty meeting.

Our programs include a BA in Political Science; undergraduate minors in Political Science, Campaigns and Elections, Comparative Politics, Judicial Politics, Political Decision Making, Political Theory, and World Politics; an MA in Political Science; and a PhD in Political Science. We also participate in the Graduate Interdisciplinary Specialization in Survey Research. We are not withdrawing any current program.

Sincerely,

Herb Weisberg
Professor & Chair

PROGRAM TEMPLATE: POLITICAL SCIENCE MINOR

I. GENERAL PROGRAM INFORMATION

1. **Program Name:** Political Decision Making Minor
2. **Degree Title:** NA
3. **Academic Unit:** Department of Political Science
4. **Type of Program:** Minor
5. **Semester Conversion Designation:** Conversion to semesters will occur with minimal changes to program goals and curricular requirements.

II. Rationale for proposed program changes:

The Department of Political Science offers a general political science minor, as well as minors focusing on “Campaigns and Elections,” “Comparative Politics,” “Judicial Politics,” “Political Decision Making,” “Political Theory,” and “World Politics.” We have not substantially altered these minors. In every case, we have kept their required courses the same, the number of courses the same [five], and the structure of the minor the same. We have updated course lists to be current and accurate, which was not the case with some of the old minor advising sheets that were available, but otherwise the minors are unchanged.
