**Arts and Sciences General Education (GE) Program:** The GE program for untagged B.A. and B.S. degrees in Arts and Sciences was approved by the Council on Academic Affairs on May 26, 2010, after receiving approval from the Arts and Sciences Faculty Senate. All the programs presented here follow the approved GE program.

**College of Arts and Sciences Transition Policy:** The College of Arts and Sciences is committed to the principles outlined in the university’s Pledge to Undergraduate Students. Each unit has a plan on how best to assist its majors and minors through the transition. And the Arts and Sciences Academic Advising Services will advise students on how to transition their GE program. Dual advising is the existing process used in Arts and Sciences and will continue under semesters.

Re: Semester Conversion Proposal for Sociology Minors: Criminology and Criminal Justice, Inequality and Society, and Health and Society.  

Date: Feb 21, 2011  

Larry:  

The Sciences subcommittee of the CCI met on January 24, 2011 to review and unanimously approve the semester conversion proposals for three Sociology minors, including Criminology and Criminal Justice, Inequality and Society, and Health and Society. These minors are structurally similar and are being proposed as a package. All were revised in 2009 and were therefore converted to semesters with no substantial changes. The five-course requirement for each minor under quarters was converted to a six-course requirement under semesters, with one additional elective course being added. A few minor errors were fixed, and so the we forward the proposal to the full CCI with a recommendation for approval.  

Thank you.  

Jim

Professor Larry Krissek  
Chair, Arts and Sciences CCI

Dear Professor Krissek:

At the undergraduate level the Department of Sociology has two major programs:

The Bachelor of Arts Sociology major  
The Bachelor of Arts Criminology and Criminal Justice Studies major.

Both of these majors were revised in 2007 and received OAA final approval in the Spring of 2008. Even though recently revised, Department Chair Zhenchao Qian has detailed the careful consideration given by the Department to the semester conversion plans for these two majors and the minimal changes made to the majors in the conversion. These conversion plans were reviewed by me and the Social Sciences Disciplinary Advisory Panel (SS DAP) and we found them to be well thought out.

The SS DAP and I support Sociology’s conversion plans for its majors and submit them to you for CCI’s consideration.

At the undergraduate level Sociology also has four minor programs: 1) Sociology; 2) Criminology and Criminal Justice Studies; 3) Inequality and Society; and 4) Health and Society. The first three were revised in 2009 and the fourth was proposed as a new minor and approved at the same time. Because of the recent revisions and introduction of the other minor all of them were converted to semesters with minimal changes. It was appropriate for the SS DAP and I to approve these straightforward conversions of the minors and pass them to you for CCI’s consideration

Sincerely,

Gene E. Mumy

RE: Cover Letter for Semester Conversion from the Department of Sociology

This cover letter reflects on the process by which the Sociology Department developed its proposals to convert major and minor programs from the quarter to semester academic calendar.

With respect to converting our undergraduate program, having recently revised all of major (effective SU '08) and minor programs (effective AU '09), Sociology was in a good position to begin the conversion process. The department began with a long series of meetings among the preceding Chair (Craig Jenkins), the Director of Undergraduate Studies (Paul Bellair), and the department’s advising staff (Lindsey Chamberlain and Shannon Phlegar). Those meetings led to a finished proposal that was presented to and extensively discussed among our faculty during a faculty meeting in Winter and Spring 2010. On the basis of those discussions and a unanimous vote among faculty in favor of adopting the proposals the changes were finalized. In general, we propose minimal change to the content, names and descriptions of the required courses that comprise the majors/minors and no changes to the structure of the programs. In the case of course changes our goal was to make changes so that the content of courses will be more transparent to our students.

With respect to converting our graduate program, the Director of Graduate Studies (Claudia Buchmann), Chair of Sociology (Zhenchao Qian), and Graduate Studies Coordinator (Kelly Hopkins) have worked out a conversion plan after reviewing our department M.A. and Ph.D. requirements. The plan was carefully reviewed and discussed among the department’s Graduate Studies Committee and the faculty, and subsequently approved by the faculty. In general, we propose minimal change to the content, names, and descriptions of the required courses and no changes to the structure of the program.

Overall, our program proposals are consistent with the structure of Sociology programs in OSU benchmark institutions. Our assessment data were also consulted throughout discussions. Although assessment data indicate that our programs are effective in achieving learning outcomes, our goal is improvement in rigor of major and minor programs and hence improved performance on our assessment instruments.

As chair of the department, I can attest that we undertake the conversion process with rigor and I approve of all of the proposed changes to our undergraduate and graduate programs.

1. Graduate Programs: The Department of Sociology has a Doctor of Philosophy (Ph.D.) program. Doctoral students in Sociology typically complete a Masters of Arts degree as part of the doctoral program but the department does not have a separate MA program track.

2. Undergraduate Programs: The Department of Sociology offers a Bachelor of Arts (BA) degree in Sociology and a Bachelor of Arts (BA) degree in Criminology and Criminal Justice Studies.
3. Undergraduate Minors: The Department of Sociology has four specialized minor programs: 1) Sociology, 2) Criminology and Criminal Justice Studies, 3) Inequality and Society, and 4) Health and Society.

All of these programs are proposed to continue under semesters. No program is being withdrawn. All necessary materials for the semester conversion are attached.

Sincerely,

Zhenchao Qian
Professor and Chair, Sociology Department
Program Rationale for the Criminology and Criminal Justice Studies Minor

The Criminology and Criminal Justice Studies minor program was recently revised and we have not had enough experience with those changes to evaluate whether additional revision is warranted. Therefore, we are converting to the semester calendar with a small number of changes. The required coursework in the minor will be identical. One small change is to the course title of Soc 4511 (Soc 511 under quarters) from "Sociology of Youth and Crime" to "Juvenile Delinquency" to better reflect the terminology used in the field. The credit hour requirement does not convert to a whole number so we propose to slightly increase it, which will increase the breadth and rigor of the program. A final change is that students will take 1 additional elective course.

The minor program currently requires 25 credit hours and a total of 5 courses. Under the semester calendar that is equivalent to 16.67 credit hours (25 x .6666) and roughly 5.5 courses. Given that we do not offer 1 or 2 credit hour courses we propose to change the minor program requirement to 18 hours and a total of 6 courses. The additional course students will take under semester conversion will be distributed into elective coursework.

Transition policy

Required courses in the minor will not change during semester conversion. We therefore expect students to complete those 3 courses.

However, the number of elective courses needed to complete the minor program will increase and it is here that we will need to be flexible. Under the quarter system students are required to take a minimum of 5 courses in the minor, 2 of which are elective. Under semesters students will be required to take 6 courses, 3 of which are elective. We will advise students to complete 6 courses for graduation if it is possible, but we will be flexible with students that started their academic career at OSU under the quarter system if one course (core or elective) was completed under quarters. For those students we will accept no fewer than 5 courses in the minor including the 3 required courses listed above to satisfy minor program requirements.

Overall, we are committed to ensuring that students who began their degree under quarters will not be penalized under semesters, either in terms of progress towards their degree or their expected date of graduation.
