RE: CURRICULUM UPDATE: MINOR IN COACHING EDUCATION

The faculty and administration of the College of Education and Human Ecology (EHE) have approved revisions to the undergraduate minor in Coaching Education in the Department of Human Sciences. The proposal was approved by the EHE Curriculum Committee on November 17, 2014 pending revisions and is now ready to request approval from the Council on Academic Affairs.

Attached to this memo are the following:
1. Program proposal
2. Proposed minor sheet
3. Current minor sheet

EHE approves the revisions to the undergraduate minor in Coaching Education in the Department of Human Sciences and requests approval from the Council on Academic Affairs. If there are any questions, please contact me at Warnick.11@osu.edu or our curriculum coordinator, Sarah Odum, at odum.11@osu.edu.

Re: Program and Course Changes from PESPA

Dear Dr. Folden,

This letter is to request a program change to Coaching Education Minor and a course change of KNPE 1201 Fitness and Wellness housed within Kinesiology at Department of Human Sciences:

The university has revised its minor policy, which requires that minors must be no more than 18 credit hours. Currently, the Coaching Education minor has 21 credit hours. To be compliant with the university minor policy, we would like to request the following changes:

1. Change KNPE 1201 Fitness and Wellness to KNPE 2201 Fitness and Wellness and make it as a required core course for Coach Education Minor. This change is needed as 1000 level courses can not be counted towards a minor.
2. Remove the course AT 5550
3. Change Survey of Sports Medicine from the core to electives
4. Require 3 credit hours instead of 6 credit hours with electives.
5. Delete one of the electives (KNPE 2360) because it require prerequisites and is a 4 credit hour course

Due to the change of KNPE 1201 to KNPE 2201, we also request a change to program sheets for Physical Education, Physical Activity Specialist, and Physical Activity Specialist Minor.

These changes are requested to be effective Spring 2015 and beyond. Faculty will work with EHE Undergraduate Student Services to convey the change to students and updated documents.

If any additional information is needed, please feel free to contact me at li.832@osu.edu.

Sincerely,

Weidong Li

Dr. Weidong Li, Program Coordinator

Kinesiology: Physical Education, Sports, and Physical Activity
There is a significant need for qualified coaches for children and youth sports programs. The Institute for the Study of Youth Sports estimates that 40 million youth participate in sports annually. Over 4 million adults serve as volunteer coaches. It is not unusual for schools, community agencies, and religious groups to seek competent persons to coach their children. All of these organizations need assistance with the administration of their sport programs.

Thus, there is the need to develop competent coaches and administrators of these sports programs. Many students across campus express interest in coaching and coaching classes, and many students to coach while in college; however, they have little exposure to coaching education. Too often these “coaches” continue coaching patterns that are uninformed by advances in knowledge about quality coaching practices. They are also uninformed about the developmental and educational needs of those being coached.

The coaching minor is comprised of core courses and electives. Students who choose the minor focus on the coaching and administration of youth and adolescent sports and are exposed to the knowledge and content needed to coach or organize an effective sports program. The minor emphasizes theories and basics of coaching and administration of youth and adolescent sport programs. The minor requires 18 credit hours.

After an advisor in EHE Undergraduate Student Services has approved the Minor Program Form, you please return it to your college of enrollment so it can be added to your program.

No variations in the program are allowed.

Students preparing for a career in coaching are strongly encouraged to obtain CPR and First Aid Certification.

Coaching Education minor program guidelines

The following guidelines govern minors:

Required for graduation:
- No
- Colleges may impose a minor as a requirement for graduation for its majors (e.g., FAES)

Credit hours required:
- A minimum of 12 credit hours
- Maximum of 18 credit hours
- 1000-level courses shall not be counted toward the minimum

Upper-level credit hours:
- Minor must include at least 6 hours upper-level or upper-division courses (upper-level or upper-division as defined by the respective college)

Transfer and EM credit hours allowed:
- At least half of the credits counting toward the minor must be earned in regular OSU coursework

Overlap with the GE:
- A student is permitted to count up to 6 total hours of transfer credit and/or credit by examination toward the minor

Overlap with the major and additional minor(s):
- The minor must be in a different subject from the major (as identified by the registrar’s official listing of approved majors)
- Each minor completed must contain a minimum of 12 hours distinct from the major and/or additional minors (i.e., if a minor requires more than 12 credit hours, a student is permitted to overlap those hours beyond 12 with the major or with another minor)

Grades required:
- Minimum C- for a course to be listed on the minor
- Minimum 2.00 cumulative point-hour ratio required in the minor course work
- Course work graded Pass/Non-Pass cannot count on the minor
• No more than 3 credit hours of course work graded Satisfactory/Unsatisfactory may count toward the minor

Maximum xx93 credits allowed
  • No more than 3 credit hours

Minor Approval: Early declaration of the minor and early consultation with an academic advisor to discuss course choices is highly encouraged. Any variation from the coursework described on the minor sheet needs the approval of an academic advisor in a department/school or the academic program coordinator in the College of Education and Human Ecology. If you follow the course guidelines on the minor sheet with no variation, no additional approval is required. When preparing to graduate:
  · If “OK” appears next to your minor on your degree audit, you have met the minor requirements and the minor can be officially approved.
  · If “NO” appears next to your minor on the degree audit, you must meet with an academic advisor or the academic program coordinator listed on the minor sheet
  · If your minor does NOT appear on your degree audit, you must meet with an academic advisor or the academic program coordinator listed on the minor sheet

Filing the minor program form: Students must declare their minor with the College of Education and Human Ecology at least by the time the graduation application is submitted. Early declaration is highly encouraged.

Changing the minor: Once the minor program is filed in the college office, any changes must be approved by an academic advisor.
